MANAGEMENT DISCUSSION AND ANALYSIS REPORT

1. OVERVIEW :

The Company is an advancing infrastructure Company in Mumbai Metropolitan Range with current focus on residential and office space development. Our primary focus is to continually strengthen our position to be a premium developer maintaining a reputation for quality and innovation our strong focus is on bringing the best to Indian real estate by having a dedicated 'innovation' cell with the mandate of finding and implementing customer-focused innovation across the organization and forming best in class partnerships and alliances. Our strategy is four primarily in MMR

2. INDUSTRY :

Infrastructure development in India has been going through a very difficult phase over the last three years. While the Government of India's planning process clearly laid down the requirement for massive development in physical infrastructure to sustain economic growth, this has not translated to on-ground implementation. The slippages have been significant with the nodal agencies and departments responsible for developing the various infrastructure projects - be these in national and state highways, thermal, hydro, gas-based or nuclear power, ports or key urban facilities – projects have gone through sustained indecision and policy paralysis. Consequently, players in the construction space, especially those in business of building large infrastructure for the state and central governments, have had to face severe financial, operational and regulatory challenges, such as very tight liquidity conditions, serious stress on cash flows, problems in land acquisition.

3. FINANCIAL PERFORMANCE :

In spite of reduction in sales our company managed to increase its net profit ratio by 20% as compared to last year. This was mainly due to prudent investment decisions made to deploy unutilised funds thus taking benefit of time value of money. Apart from this the credit goes to employees of the company who at each and every move use cost effective methods thus saving on expenditure proving penny saved is penny earned. At present our focus is to strengthen our balance sheet and create a long term shareholder value.

OPPORTUNITIES AND THREATS :

OPPORTUNITIES :

The Indian real estate sector is among the fastest growing markets in the world. The key factors responsible for such strong growth in Indian real estate sector are favourable demographics, rapid urbanisation and constantly rising purchasing power of people. Availability of customer friendly housing finance institutions and banks, along with favourable reforms launched by the government in order to attract foreign investment, are also major drivers of growth in real estate sector. Currently, the investment trend in Indian real estate sector is marked by significant contributions from Non Resident Indians (NRIs). Further, demand for space from sectors such as education and healthcare has opened up ample opportunities in the real estate sector. As a parallel development, besides FDI, real estate funds are expected to pump money into the real estate sector. Proposed law to reform the unregulated construction industry, enables the future deals more obvious and transparent, in turn it attracts great deal of capital, particularly from the upper and middle income categories.

THREATS :

Real estate sector has not yet been given 'industry' status, despite its size and backward & forward linkages. Limited institutional funding options are available for real estate projects. Volatility in

availability of labour is adversely impacting meeting of time schedules. Rising input cost impacts final prices and could subdue demand. Changes in lending policies by the banking sector could increase the cost of borrowing.

4. INTERNAL CONTROLS :

The Company has adequate system of strong internal controls for business processes, with regard to operations, financial reporting, compliance with applicable laws and regulations, etc. Regular internal audits ensure that responsibilities are executed effectively. The Audit Committee of the Board of Directors actively reviews the adequacy and effectiveness of internal control systems and suggests improvement for strengthening the existing control system in view of the changing business needs from time to time. The company has also appointed Internal Auditors pursuant to the provisions of Companies Act, 2013.
